

# **Goals**

11/7/11

*Computer Apps: Get an A for the semester*

*Another Class: Work hard and get an A in Comp*

*Outside of Class: Improve on  
getting to World Studies on time*

12/9/11

I think I am on track to meeting these goals. I am trying hard to meet the goal of getting an A in Computer apps for the semester; I think I have an A for the quarter currently. For my second goal I am struggling a lot, I am not close to an A but I am trying to get my stuff in. On my third goal, I don't think I have been late to world studies once since I typed these up! I am trying hard to meet the goals I have made for myself.
